

why tiqit?

Maximize Your IT Cost Savings

- ✓ Run legacy and shrink-wrapped software for Windows, UNIX, or Linux.
- ✓ Purchase fewer mobile devices because Tiqit has desktop PC power; BlackBerry-like Email features^{1,2,3}, and PDA capabilities³.
- ✓ Stop buying expensive management solutions for proprietary handhelds! Tiqit can be managed just like a desktop.
- ✓ Quit porting and maintaining watered-down enterprise PDA applications.
- ✓ Reduce mobile application development time using XML, Java, and OS APIs for Tiqit software.
- ✓ Lower your help desk support costs because there is no longer any need for unique PDA/BlackBerry training or specialized personnel beyond what is required to support your laptops.
- ✓ Link mobile workers running full client CRM, ERP, and SFA applications to back office systems increasing business visibility and competitiveness.

Take the Office With You

- ✓ Stay connected wirelessly with cellular^{1,2} Wi-Fi¹, or Bluetooth¹.
- ✓ View entire Email attachments and schedule meetings using MS Outlook³ or Lotus Notes³.
- ✓ Carry a single ultra mobile PC for all your business needs, not multiple standalone devices.
- ✓ Connect to Bluetooth or standard peripherals like a: projector; camera, barcode scanner, DVD player, and printer.
- ✓ Stop wasting your valuable time synchronizing data.

Small but Mighty

- ✓ Ergonomically designed for both one-handed and two-handed mobile use.
- ✓ Hand-size perfection, Tiqit weighs only 20 ounces and is slightly larger than a Palm-class PDA.
- ✓ Tiqit packs a punch with a Pentium-class processor; 256MB SDRAM, and a 10GB HDD.
- ✓ View your work in ultra-sharp color with a 4 inch 640 x 480 backlit display at 200 dpi.
- ✓ Full QWERTY keyboard plus touch screen display makes data entry a breeze.
- ✓ Tablet PC quality handwriting software supports the messiest penmanship.
- ✓ Hi-res VGA docking station port provides 1280 x 1024 pixels with over 65K colors for eye-popping presentations.
- ✓ Joystick and mouse buttons are perfectly positioned to let you steer it with your thumbs just like a GAME BOY®.

Raises the Bar

- ✓ Tiqit is far smaller and lighter than a laptop...use walking or standing.
- ✓ Tiqit has greater capability than Windows CE/Pocket PC PDAs having about 25% compatibility with Windows XP.
- ✓ Tiqit runs most off-the-shelf desktop applications unlike Palm-class PDAs.
- ✓ Tiqit is much less bulky and cumbersome to carry than a Tablet PC as well as provides support for stylus and keyboard data entry.
- ✓ Tiqit is not just a miniaturized laptop or Tablet PC but is designed specifically for the most demanding mobile worker.

1) Requires separate purchase of Wi-Fi or CDMA/GPRS PCMCIA card or Bluetooth USB radio.

2) Does not include wireless service.

3) Requires Microsoft Outlook or Lotus Notes
